oeko-tex@oeti.at

The company

**D. Swarovski & Co.**

**Postfach 15**

**A-6112 Wattens**

is granted authorization according to Oeko-Tex Standard 100 to use the Oeko-Tex mark, based on our **test report 57179**

for the following articles:

**CRYSTALLIZED™ - Swarovski Elements**

The results of the inspection made according to Oeko-Tex Standard 100, **product class II** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for products with direct contact to skin.

The certified articles fulfil the requirements of the existing European legislation regarding the use of azo-dyes.

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex mark only in conjunction with products that conform with the sample initially tested.

**This authorisation is valid until 28.02.2009**

Wien, 27.02.2008
